### GS-6300

#### VULCANO GS-6300

**Sentey Vulcano** is a case designed to support maximum performance, with an acrylic window and 5 fan coolers, out of which four are lightened and one has a three speed temperature control. Especially designed for Gaming, its impressive performance and high versatility turn it into a perfect case to be used both as an office server or a highly demanding work station.

#### Fan Coolers included:

- 2 x 140mm front led coolers (to receive fresh air)
- 1 x 230mm side led cooler (to receive fresh air)
- 1 x 120mm rear cooler (to remove hot air)
- 1 x 230mm top led coolers with speed control (to remove hot air)

#### HIGH PERFORMANCE:

- Entirely meshed front panel, with anti-dust filters in each bay and fresh air inlet.
- Two removable HDD cages, easy to install. Each of them has a 140mm led Fan Cooler.
- Ventilation System: Sentey Vulcano has five embedded Fan Coolers to ensure proper air flow.
- Functionality: It features USB, E-SATA, and Audio and microphone ports on its top panel.
- Extreme Overclocking: It provides the possibility of adopting a liquid cooling system.
- Versatility: Designed to host 9 external drives as well as 8 hard disk drives.
